ANGRY MOB STORMS COURT HOUSE AT LEXINGTON

TREATY CONSIDERATION RESUMED IN THE SENATE

Four Persons Are Killed And Fifteen Injured When Troops Fire Into Throng Bent On Lynching William Lockett Negro Murderer.

WOMEN AMONG HURT

Negro Found Guilty and Spirited Away While Guards Hold Mob at Bay--Sentenced To Die in Electric Chair.

(By Associated Press.)

Lexington, Ky., February 9.—Four persons were killed and fifteen were wounded, a number of whom are expected to die, here today when a mob intent upon lynching William Lockett, a negro, who confessed to the murder of ten year old Geneva Hardman, charged the court house during Lockett's trial and was fired upon by police and state troops.

Two women were reported to be among those shot by the state troops.

The clash with the soldiers held off the mob while the authorities managed to slip the negro away to a place of safety. Great excitement was caused by the shooting and there were mutterings of further trouble.

Those killed by the troopers were: E. F. Carrier, of Lexington, John Thomas, of Versailles, William Effington, of Versailles, and L. L. King, of Lexington.

While the mob, the ringleaders of which carried a rope, was attempting to get into the court house to get Lockett, a jury found him guilty of first degree murder, and a minute or two later the negro was sentenced to die in the electric chair, March 11.

FEAR ANOTHER ATTEMPT

Soldiers and policemen continued on guard near the court house following the shooting. Officials fear that another attempt will be made to lynch Lockett should the crowd discover his whereabouts.

Lockett was lodged in the state penitentiary at Frankfort following his arrest several days ago. When he was indicted here last week, it was decided to bring him here for trial today, and approximately 300 state troops were ordered here to guard him.

Early today, hundreds of farmers from the surrounding country came to Lexington to attend the trial.

The state troops closely guarded the streets when the negro was taken from a train and rushed to the court house.

Heavy wires and ropes had been stretched along the streets to prevent the crowds from charging the prisoner.

SEND FOR REGULARS.

Four hundred troops from Camp Taylor, Kentucky, have been ordered here to prevent further trouble and are now enroute here, it was officially announced. The additional troops were requested as it was feared the 300 militiamen could not handle the situation.

BODY FOUND IN FIELD.

The Hardman girl was found murdered near her home last Tuesday morning just after she had left home for school. Her body had been dragged into a cornfield and her head had been crushed with a stone. The body had been partially covered with corn stalks.

Following the shooting, the mob today began looting pawnshops. Sixty-

HUNDRED THOUSAND PERISH IN EPIDEMIC

America Asked to Rush Aid To Eastern Galicia Where The Population is Being Literally Wiped Out by Typhoid.

(By Associated Press.)

Warsaw, Poland, February 9.—American Red Cross officials have been asked by the Polish Government to rush doctors into southeastern Galicia where typhoid fever is epidemic.

Officials say the people of eastern Galicia are literally dying out and that several villages are left without a single survivor.

It is estimated that one hundred thousand deaths have occurred since the start of the epidemic.

JAPS GET OUT OF NORTH KOREA SAYS WIRELESS

(By Associated Press.)

London, February 9.—Northern Korea has been evacuated by the Japanese, it is declared in a Moscow wireless dispatch today quoting an Omsk message. The population arose in aid of Korean forces from Chinese territory, it was declared.

MUCH BOOTY

(By Associated Press.)

London, February 9.—Enormous booty was taken by Russian soviet troops when they occupied Odessa according to a wireless message from Moscow. A British and a Russian cruiser are reported to be bombarding the reds from the harbor.

two guns were secured at one place. An attack on the military is feared.

CRY STARTS RIOT.

The cry "Let's get him," from a brawny farmer on the outskirts of the crowd, which was unable to get into the court house to attend the trial, started the unsuccessful lynching party. Several times the cry was heard, and with it the crowd turned into a mob and began surging up the steps of the court house.

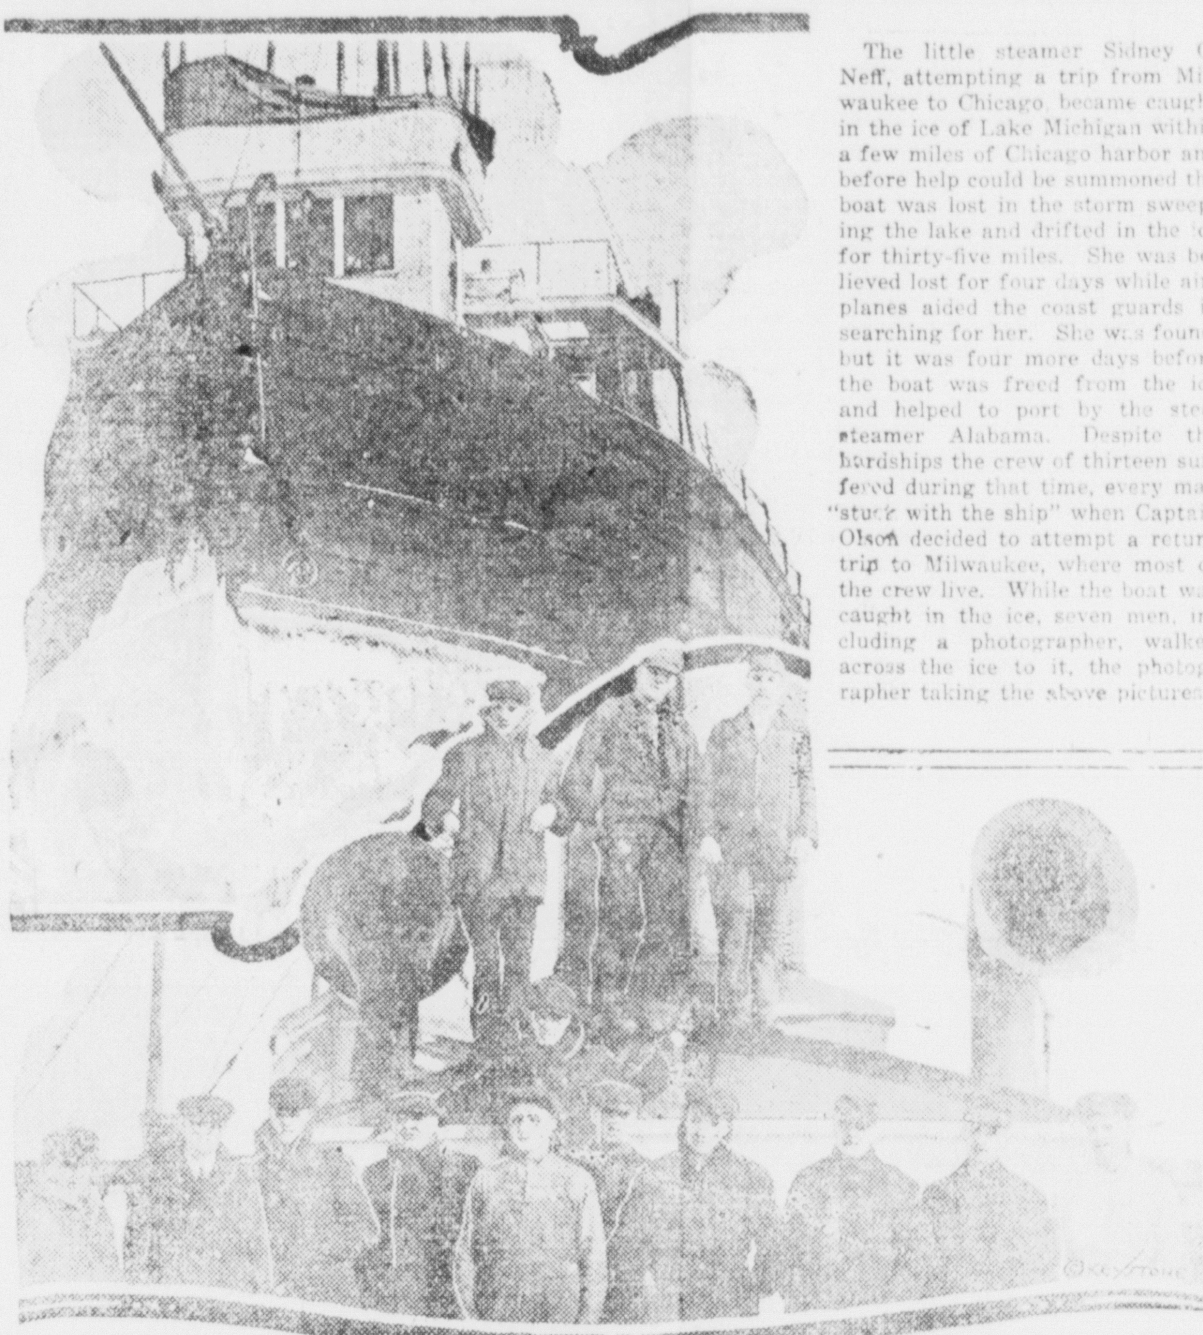

Soldiers and police dropped back into close formation and laid a hot barrage into the front ranks of the crowd and nearby a machine gun rattled away. Bullets were also fired from the windows above. Four men fell at the first volley.

The crowd finally was pressed back, but it had surged half way up the steps before it was stopped.

QUIET FOLLOWS.

At 2 o'clock this afternoon the mob spirit seemed to have been broken, at least temporarily, and the city was quiet. Large crowds were still upon the streets but looting had stopped.

SHIP, IMPRISONED ON LAKE EIGHT DAYS, TRIES ANOTHER TRIP

The Sidney O. Neff and crew. The men are, left to right, first row: Capt. Frank A. Sederland, Capt. O. T. Olson, First Mate James Menarik, H. O. Anderson, Assistant Engineer Harvey C. Heck, Fireman George Danette, Wheelman Amund Strand, Lookout Paul Hansen, Steward Joe Poquette, Second Steward George Pardee. Middle row: Wheelman Gregus Hansen. Back row: Lookout George Duncan, Fireman Con Carmody and Fireman Tom Flynn.

The little steamer Sidney O. Neff, attempting a trip from Milwaukee to Chicago, became caught in the ice of Lake Michigan within a few miles of Chicago harbor and before help could be summoned the boat was lost in the storm sweeping the lake and drifted in the ice for thirty-five miles. She was believed lost for four days while airplanes aided the coast guards in searching for her. She was found, but it was four more days before the boat was freed from the ice and helped to port by the steel steamer Alabama. Despite the hardships the crew of thirteen suffered during that time, every man "stuck with the ship" when Captain Olson decided to attempt a return trip to Milwaukee, where most of the crew live. While the boat was caught in the ice, seven men, including a photographer, walked across the ice to it, the photographer taking the above pictures.

WILSON OPPOSES PLAN OF LEADERS

President is Adverse to Making An Issue of Universal Military Training at Caucus--He Points to Imminence of Party Convention.

(By Associated Press.)

Washington, February 9.—President Wilson opposed the plan to have the democratic members of the House at their caucus tonight make an issue of universal military training.

The President's views are set forth in a letter to Secretary Baker, transmitted today to democratic leaders in the House.

Mr. Wilson said it would be unfortunate to make a party issue on this subject, particularly since within a few months the party will assemble in convention and declare the principles upon which it deems it wise to commit itself in a national election.

AMERICAN LEGION IS EXONERATED

(By Associated Press.)

Montesano, Washington, February 9.—The American Legion today was exonerated of any part in the planning of an alleged plot to raid the I. W. W. hall at Centralia, by Attorney George Vandever, counsel for the eleven I. W. W. defendants on trial here for the Centralia armistice day shooting.

ITALIAN SHOT

East Liverpool, Ohio, February 9.—Rocco Reicchi, 49, an Italian grocer, was shot twice in the breast following a dispute over a board bill at Wells-ville and died enroute to the hospital. Ralph Maritto, 25, is held charged with murder.

MR. CHURCHILL IS OPTIMISTIC

Sunderland, Eng., January 21.—(By Associated Press.)—(By Mail)—An optimistic statement regarding the trend of affairs in this country was made by Winston Churchill, Secretary of State for War, in a speech here. Mr. Churchill said:

"Our export trade is growing month by month in value and in volume. Orders are flowing into almost all the great industries not only from the home market, but from overseas.

"Our expenditure is diminishing rapidly. The expenditure of the departments which I control will be less by the enormous sum of 400,000,000 pounds at the end of the year than it was at the end of last year. The revenue also shows steady expansion.

"We are on the high road to recovery from the injuries and the retardation of the war and to consolidation of the great position won by the prowess of our soldiers in the field. But there is one condition. We must all work together during the period of reconstruction."

Democrats and Republican Join Forces to Bring Issues Back For Open Debate.

LODGE MAKES MOVE

Cloture Accompanies Treaty Which is Referred to Foreign Relations Committee For Removal.

(By Associated Press.)

Washington, February 9.—Consideration of the treaty of Versailles was resumed in the open Senate today, republican and democratic leaders joining forces to bring it back for debate.

The decision was reached without debate, the Senate adopting overwhelmingly a motion by Senator Lodge to reconsider the vote by which the treaty was laid aside last November.

The vote on Senator Lodge's motion to suspend the rules so the treaty could be considered was 63 to 9.

After the Senate had adopted the motion of reconsideration, Vice President Marshall ruled that the treaty had brought back with it the cloture imposed before the November vote.

To get rid of the Cloture, Senator Lodge moved to recommit the treaty to the Foreign Relations Committee, but incorporated instructions that it be reported back with the republican reservations adopted last session.

That put the treaty technically out of the Senate and into the committee and ended for the time being discussion on the Senate floor. The committee will meet tomorrow and members expect a report to be made immediately.

FARMERS WON'T JOIN CAMPAIGN

(By Associated Press.)

Washington, February 9.—Farmer organizations will not join the American Federation of Labor in the non-partisan campaign to elect this year only friends of the trades union movement, according to T. C. Atkeson, representative of the national grange, which has 700,000 members.

Atkeson said today that his organization had decided not to support organized labor's political activities and pointed out that representatives of the grange and many of the farmers' federations recently met here and formulated a platform of principles, but decided that individual members should be allowed to exercise the right of personal preference in voting.

SAYS NATION FACES CRISIS
Sunderland, Mass., February, 9.—The United States is facing the worst financial crisis in its history, declared Speaker Frederick Gillette of the national House of Representatives this afternoon in an address here.

PRETTY TOUGH FOR THE SLAB ARTISTS

Chicago, February 9.—(Associated Press)—Baseball men from all parts of the country here to attend what they said probably would be "the biggest baseball meeting of all history" expected today to see the major league rules committee eliminate all freak deliveries.

The shine, emery and licorice balls all must go, it was indicated, along with all other unnaturally deceptive pitching.

That the "spitter" would be dealt with leniently was the consensus of opinion, however.

ONE DEAD IN AN APARTMENT HOUSE FIRE

(By Associated Press.)

San Francisco, Cal., February 9.—Only one life was known definitely to have been lost last night in the fire that destroyed the fashionable Berkshire apartment house at Sutter and Jones Streets.

A search of the ruined building today revealed no additional bodies.

A score of persons are in various hospitals, however, suffering from burns and injuries. Previously it had been reported that twenty-five had perished in the fire.

REDS ATTACK JAPS

Tokio, February, 9.—Bolshevik uprisings against the Japanese on the island of Sakhalin are reported. Important Japanese mining and petroleum plants have been attacked.

300,000 MEN WILL WALK OUT

(By Associated Press.)

Detroit, Mich., February 9.—A strike of three hundred thousand members of the brotherhood of maintenance of ways employees and railroad shop laborers was called for Tuesday, February 17 at a meeting of the general chairman of the brotherhood here today.

Decision to order a cessation of work was announced following advice from Washington that the negotiations with the railroad administration for wage increases offered no hope of a favorable settlement.

RESCUERS PERISH IN BRAVE EFFORT TO SAVE IMPERILED

(By Associated Press.)

Halifax, N. S., February 9.—The second officer and five men of the crew of the British steamer Oxonian perished while attempting to save the crew of the British steamer Bradjoine when she was abandoned off the coast of Newfoundland, according to radio messages received here today.

KOREANS ROUT JAP GARRISON

(By Associated Press.)

Washington, February 9.—Official dispatches received today said a force of 2,000 Koreans, armed principally with equipment furnished by the Bolsheviks, had crossed into northern Korea from Manchuria and attacked a Japanese post of seven hundred men at night, killing three hundred of them and routing the remainder.

According to the dispatches the attack was the initiation of active rebellion in Korea and it was described as the beginning of a tremendous affair.

EXPORT BEGINS

(By Associated Press.)

Reval, Estonia, February 9.—Exports from Soviet Russia began on Sunday. They were initiated by the arrival of two car loads of flax, outward bound.

NEW SCHEDULE BREAD PRICES NOW IN EFFECT

A new schedule of bread prices has been announced by the Flowers Baking Co. and the Sauer's Bakery. The new schedule of prices went into effect Saturday at the Flowers bakery and into effect Monday at the Sauer's bakery. At the same time that the prices were advanced, the weight of the loaf was also increased.

Fifteen-ounce loaves that formerly weighed for eight and one-half cents have been made into eighteen ounce loaves and now wholesale for ten cents. Fifteen ounce loaves that formerly weighed for the counters for ten cents have been made three ounces heavier and retail for twelve cents.

Bakers claim that the increased cost of all products that go into the making of bread has necessitated the change in the size of the loaf and in the new price scale. Flour, sugar, malt yeast and lard are the products that have made the raise, it is declared. Increased cost of labor, bakers say, is another factor that made the change necessary.

HIGH SCHOOL SQUAD KEEPS PRACTISING

In order to keep in shape for the South-Central Ohio basketball tournament on the 20th and 21st of this month, the Washington High School basketball squad will practise each afternoon at the high school gymnasium.

Coach Moorehead will not be present, having gone to his home in Muskingum for the duration of the influenza epidemic that has closed the schools, but the boys intend to keep up the morale of the squad after their defeat at the hands of McClain High on last Friday evening.

POLICE SEEKING MISS HELEN LOWE

Chief of Police Moore is in receipt of a letter from Peoria, Illinois, asking him to notify "Miss Helen Lowe" of the serious illness of her brother in that city. Chief Moore had been unable to locate Miss Lowe, Monday morning. The letter reads:

"Will you please notify Miss Helen Lowe, telephone operator in your town, that her brother, Benjie Lowe, is in a Peoria hospital suffering with flu and threatened with pneumonia. Ask her to communicate with 'Mrs. Agnes Elliott, 2212 North Perry Avenue, Peoria, Illinois.'"

DIVORCE GRANTED TO ELLA ROOSA

A decree of divorce has been handed down in the common pleas court in the case of Ella Roosa against Augustus Roosa. In her petition, the plaintiff charged cruelty and gross neglect of duty.

In making its decision, the court assessed the costs of the case to the plaintiff and awarded to the defendant the custody of the three children, Bessie, Blanche and Louise.

MRS. JAMES DOUGLAS OF GREENFIELD DIES

Mr. and Mrs. C. P. Jamison were called to Greenfield, Sunday, by the death of Mrs. Jamison's aunt Mrs. James Douglas, who died Saturday afternoon.

Mrs. Douglas, who was Miss Rose Porter before her marriage has many friends and relatives in this community.

Funeral services will be held Tuesday afternoon at 2 o'clock at the home south of Greenfield.

GARRINGER SUES FOR DAMAGE DONE TO AUTOMOBILE

H. G. Garringer, through his attorneys Post & Reid, has brought suit in the common pleas court against Samuel Nelson and Frank Beck seeking judgment in the sum of \$1,000 for damage alleged to have been done to his automobile by the defendants.

The plaintiff charges that without his consent, the defendants took his automobile from its parking place on East Court street on the night of October 28, 1919, while he was attending a picture show, and that while driving it on the Circleville pike they collided with another car, damaging his machine beyond repair.

TWO YEARS IN BED AND ROLLING CHAIR

Mrs. Wilson Gave Up Hope—Gains 25 Pounds On Tanlac and Is Now A Well Woman.

"For two years I spent all my time, either in the hospital, in bed, or in a rolling chair, and during that time I was given up to die, and I don't guess I would be here now if it hadn't been for Tanlac," said Mrs. E. O. Wilson. Mrs. Wilson is well known in Atlanta, Ga., her husband having been employed by The Constitution for a number of years.

"I was a great sufferer from chronic indigestion," continued Mrs. Wilson, "and don't guess any body ever had to go through with what I did. I was very weak and nervous, and at times had those dreadful smothering sensations to the point of fainting. I had dreadful headaches, severe pains in my back and over my kidneys and my joints ached all the time. For two years I had to live entirely on boiled milk, toast and soft-boiled eggs, and even that didn't digest well and would sour on my stomach. I didn't know what it was to get a good night's sleep. I took one kind of medicine after another until our house was almost filled with empty bottles, but instead of improving I was getting worse all the time. Finally they took me to the hospital for treatment, and I lay there for five long months, but even that didn't make me well. It was taking nearly every cent of my husband's wages to pay my doctor and drug bills. Our drug bill alone amounted to \$14 or \$15 a month, and one doctor bill amounted to \$108.

"It looked like everything had failed to help me, and I had about given up all hope when one day my husband brought a bottle of Tanlac and with him and asked me to take it. He said he had been reading and hearing a lot of good things about it and didn't see any reason why it shouldn't help me. I was confined to my rolling chair when I began taking it.

"Do I look like an invalid now? I certainly don't feel like one, and I have actually gained twenty-five (25) pounds on eleven bottles of Tanlac, and feel as well as I ever did in my life. I can eat anything I want—such things as meat, turnips. Hard-boiled eggs don't hurt me a particle, and I sleep as good as I did when I was a girl in my teens. I can get about as well as anybody and just the other day I walked down town, and I am running around the neighborhood calling on my friends nearly all the time now. I haven't a pain about me. I believe I am the happiest woman in Atlanta, and I think I have a right to be. I think my recovery is almost a miracle, and every body in our neighborhood thinks the same."

Tanlac is sold in Washington C. H. by C. S. Hayes.—Advt.

LOCAL WOMAN IS SUMMONED

Following an illness of several days which had developed into pneumonia, Mrs. Laura E. Pine, wife of Bruce Pine of the Greenfield pike, died at Grant Hospital, Columbus, Saturday afternoon shortly after five o'clock.

In the death of Mrs. Pine, the community loses a most estimable woman. For many years active in W. C. T. U. work, she devoted much time to the cause. Mrs. Pine was a devout Christian and a member of the Sugar Grove Church.

Besides the husband, Mrs. Pine leaves a mother, Mrs. Matthew Clifton, and three brothers, John Clifton, of Chillicothe, and Charles and Arthur of near this city.

Undertaker A. R. McCoy brought the body to the home Sunday. Funeral services will be held Tuesday afternoon at two o'clock at the residence. The body will be placed in the community Mausoleum at Washington cemetery.

Your Cows Yield as they Feel

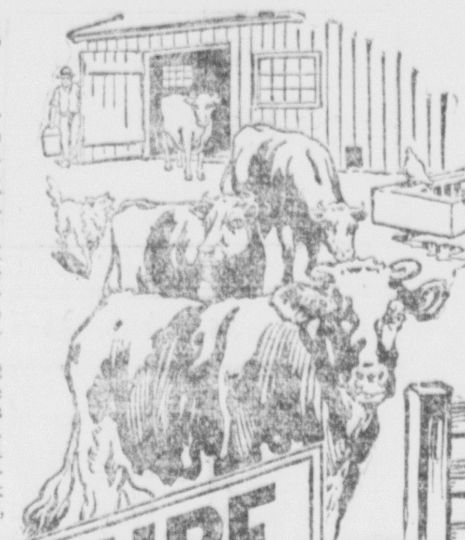

Poor milkers are not accidents—they are usually backward because there is something wrong with their physical condition. You cannot expect such a cow to give a good milk yield until her sluggish organs have received proper medical treatment.

Kow-Kure has become the standard remedy in thousands of dairies because this famous cow medicine has great medicinal qualities that work upon and tone up the digestive and genital organs, making each perform its proper function.

You can prove for yourself the merit of Kow-Kure by trying a package on one of your poor milkers, and watch results carefully. Besides being a general tonic, Kow-Kure is especially recommended for the prevention or cure of such diseases as Abortion, Barrenness, Milk Fever, Scouring, Lost Appetite, Bunches, etc.

When you invest in the rubber industry you are in a business that is a success, not an experiment.

This is a money-making opportunity for you, one that you should not pass by without investigating its merits. We win success by grasping present opportunities. We all had the chance at Firestone, Good-year, Diamond, Fisk, General, Hood and many others. We could be excused then for not buying but today we know their success. We know the supply is not equal to the demand and we know the business is growing. We know that each year demands a new supply. You learn this from actual experience that you pay for; this surely is a good reason for you to invest.

Speaking of Danzig

Since Danzig has become a free city and has been getting a large share of press publicity lately, a word or two concerning this Baltic city would seem relevant.

The inter-allied commission has already taken possession of the city following the retirement of the Germans last week, although a permanent governor will not be installed until the League of Nations is fully constituted.

Danzig dates back to the tenth century. For many years it was the bone of contention between Danes, Swedes, Pomeranians and the Teutonic Knights. Later the city joined the Hanseatic League. In 1466 it declared itself a free city, under the protection of Poland. The wars of the seventeenth and eighteenth centuries greatly injured its prosperity, and when annexed by Prussia in 1793 it was but the shadow of its former self.

Danzig, under German rule, rapidly revived, and its population totalled approximately 170,000 people in 1910. There is no reason to believe that this condition of prosperity will wane in consequence of the present change. As a matter of fact, Danzig, as a free city, seems destined to become one of the greatest of European ports.

As Poland's only gateway to the sea, the increase in traffic she will be called upon to handle will be immense. As the new Poland prospers, so will its foreign commerce grow, and Danzig will become increasingly important. Danzig may one day become the Hamburg of the eastern Baltic.

Wise Alfonso

Alfonso, king of the Spaniards, set a precedent in the way of royal departures by dispensing with the usual festivities attendant upon the celebration of his majesty's birthday on January 23.

The King explained that he felt any display of luxury would be incompatible with the prevailing condition of social unrest.

As kings become more and more scarce, those who remain appear to have discovered the necessity and the talent for a little wisdom.

Alfonso may only be adopting safety-first measures; but it is gratifying to know that kings really do have brains and can use them.

History is filled with the follies of kings, many of whom do not seem to have possessed common horse sense, and its pages will not be blemished with an occasional account of royal prudence even though it be inspired by selfishness.

If Alfonso can manage to keep up the new pace he has set, he may yet live to die upon a throne. That would be a right royal achievement itself in these days.

Federal Aid to Soldiers

In almost every community in the United States there is a discharged soldier, sailor, marine or war nurse, suffering from some injury, or ailment, which dates back to service with the fighting forces.

Often this injury or ailment has made it hard or impossible for them to fit in where they did formerly. They are handicapped and need help; not charity, but mental and physical reconstruction. In many cases such people unfortunately keep their troubles to themselves. They are reluctant to seek aid or advice, for fear their friends might consider them weak. Possibly you know such a person.

If you do he should be encouraged to take his troubles to the Government. The War Risk Insurance Bureau and the United States Public Health Service are especially anxious to get in touch with such individuals. The public Health Service has set up a chain of reconstruction bases throughout the country for beneficiaries of the War Risk Bureau. These are not Army hospitals, nor is there Army discipline in connection with them, but rather a system of hospitals similar to the general hospital in large cities except that the treatment is free and goes much further than in the ordinary hospital.

Recreation, vocational training and wholesome entertainment are combined with treatment. While men are being bodily rebuilt they have the opportunity of learning some useful occupation, or pursuing academic studies. They are taught not only to find themselves, but to better their condition. The environment is as home-like as it is possible to make it.

A great many men who went into the Army have developed tuberculosis and other diseases requiring special treatment. The Public Health Service has separate hospitals and sanatoriums for these patients, where they may get the best treatment known to medical science.

A large number of soldiers are not yet aware that the Government offers them free treatment. They should be told.

POETRY FOR TODAY

THE GREAT COMMISSION

Life, destiny—they hang upon the testimony sure
Of witnesses who cannot be impeached : : : And so,
Of life the more abundant, the eternal life; secure
Are hope and faith if there are witnesses who KNOW!

The truth of all His life hung on the fact
Of Resurrection. If He rose, the pact

He made was binding; if he failed to rise—
Then faith were vain and hope delusion : : : Then,
His followers remembered what He said: "To men
Be you my witnesses!" : : :
And while they lived
This was the burden of their words: "What we
Have seen and what we KNOW we tell—for He
Was dead and is alive again; not how, nor why—
We are but witnesses; we have no theories by
The which we would explain; one thing alone
We do. We testify" : : : Upon that stone
Was bulld all the Faith of generations which
Have followed in experience gloriously rich!

HOOVER DECLINES

Declares He Is Not a Candidate
And No One Is Authorized
Speak For Him Politically.

HITS SOCIALISM.

Says He Will Vote For Party
That Stands For The League

(By Associated Press.)

New York, February 8.—Herbert Hoover tonight issued a statement defining his attitude towards the presidency. He announced that he is not a candidate for the nomination and that no one is authorized to speak for him politically.

If the league of nations is made an issue in the election, he says he will vote for the party that stands for the league. In response to requests that he declare allegiance to either one or the other of the great political parties, Mr. Hoover says he will wait until it more definitely appears what the party managers stand for, and will "exercise a prerogative of American citizenship and declined to pledge my vote blindfolded."

His statement further says: "As an American citizen by birth, and of long ancestry, I am naturally deeply interested in the present critical situation. My sincere and only political desire is that one or both of the great political parties will approach the vital issues which have grown out of the war with a clear purpose looking to the welfare of our people, and that candidates capable of carrying out this work should be nominated."

"If the treaty goes over the Presidential election (with any reservations necessary to clarify the world's mind that there can be no infringement of the safeguards provided by our constitution and our national traditions), then I must vote for the party that stands for the league."

"With it, there is hope not only of the prevention of war but also that we can safely economize in military policies; there is hope of earlier return of confidence and the economic reconstruction of the world."

"I could not vote with a party if it

THE GOOD NEWS SPREAD FAST.

One person after the other kept telling about what good Dreco was doing, so finally this lady bought a bottle.

RIGHT THING AT LAST

Relieved constipation; stopped gas forming; eased her kidney trouble, and strengthened the vital organs.

"It seemed like the good news of what Dreco was doing spread fast, for I kept hearing people talk about what it was doing until I decided to get a bottle also," said Mrs. Wm. A. Gast, 1314 Putnam St., Sandusky, O.
"I've suffered agonies from gastritis. My food soured in my stomach, filled me with gas, and caused gripping pains and a choking feeling in my throat. My bowels were constipated so that I had to take medicine almost every night for them. I had been under treatment for kidney trouble for months—seems I had taken everything except the right thing. I was losing hope of ever being real well again. When I started taking Dreco I was truly in a bad condition, for I could eat but very little solid food. Dreco acted in a soothing manner on my stomach and topped the gas almost at once. My food began to nourish me and my nerves got steady. My bowels acted in a normal way each day; the headaches stopped and my sleep became restful, and I'd rise in the morning feeling refreshed. Dreco has proven a wonderful tonic to my vital organs and made a new woman out of me."

Dreco is made from the pure liquid extracts of many herbal plants, which act on the stomach, liver, kidneys, bowels and enrich the blood.
All good druggists sell Dreco and it is highly recommended in this city by Frank Christopher, Druggist

ARE YOU A TARGET FOR INFLUENZA?

It Hits Listless, Run-down People First—Their Blood is Thin

Germes Everywhere In Epidemic

Be Prepared—Strengthen and Build Up Your Blood with Pepto-Mangan.

If it is true that you are not feeling your best—if you have that "always-tired" feeling and no interest or enthusiasm—then you should be careful of the influenza.

It is thin-blooded, anemic people that disease strikes first. The fact that you have had a very few illnesses has nothing to do with it. Everyone gets run-down occasionally, and when they do, the blood is in no condition to fight off disease germs, because it has not enough red corpuscles. It is the red corpuscles of the blood that fight disease and save you from sickness.

You simply can't afford to take chances when influenza is striking down thousands everywhere. Fortify your blood—build it up with the pleasant tonic, Pepto-Mangan.

And should you be just recovering from influenza, you need Pepto-Mangan because your blood has exhausted its strength. Pepto-Mangan will help build you up.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. Comes in either liquid or tablet form. No difference in medicinal properties.

Sold at any drug store. But be sure you get the genuine Pepto-Mangan—"Gude's." Ask for it by the name and be sure the full name is on the package.—Advt.

Making a Convenience Much More Convenient

To the housewife who uses an electric iron it is unnecessary to say much about the convenience she enjoys. But here is a little article that makes it even more convenient—a switch placed in the line, which makes it unnecessary to go to the socket or to pull the connect at the iron to turn off current. Convenient? Why, it's about the handiest little article you ever saw, and so reasonable in price. Just find out how little it costs installed. Use your phone.

Governor Cox has endorsed the Near East relief campaign, which is now under way throughout the United States, in behalf of the destitute Armenians who have suffered for months at the hands of the Turks.

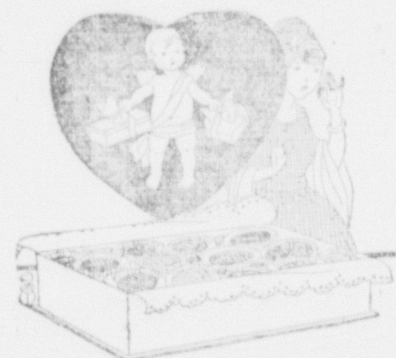

"The campaign of the Near East relief is worthy of the attention of every citizen of this country," said Cox, expressing his support of the movement. "Thirty-four million dollars is to be raised in the United States, of which Ohio's quota is \$2,000,000.

The need of the Armenians as a result of their terrible treatment at the hands of persecutors in a challenge to humanity. These suffering people are now ready to begin their rehabilitation with new hope, needing only a helping hand to get on their feet. Eight hundred thousand destitute people, of whom, said Cox, there are helpless children, must be helped forward until they gain the strength and foundation upon which to build their own lives.

"Help will be necessary at least until the completion of the 1929 harvest. No appeal is more worthy of attention."

The intensive phase of the campaign begins this week. Dr. Charles F. Thwing, president of Western Reserve University, is chairman of the Ohio state committee. Ohio State Journal Fayette County's share is about \$7,000.

An interesting glimpse of modern China, with its political and social problems, as seen through the eyes of a well educated Chinese girl, is found in an English theme recently handed in by a student of Ginding College in a union mission institution in Nanking. The subject given was a set of questions recently sent out to every missionary of the foreign field by the Inter Church World Movement of North America.

The answer to the first question, which concerned the effect of the war, indicates that missionary effort must be redoubled if lost ground is to be won back. "At first a great many of us lost confidence in the missionaries," writes the Far East College girl.

"On the other hand our irresponsible government and disgraceful diplomatic condition aroused the attention of our educated people. Members of the churches and students of mission schools are working together with the non-Christians to reform society and the government. Day schools, half-day schools, night schools and lecturing groups are being established by students.

That the reign of the mother-in-law may soon come to an end is also predicted. In discussing the position of women, the young writer says: "It is a very remarkable thing to know that the Young China Association has devoted a whole issue of its monthly to articles about women and family life. Young couples marrying and establishing homes of their own seems a common thing now in the big cities.

The weakening of China from an industrial standpoint depends largely upon the responsibility of the students declares the girl Ginding. "It is very important for us to keep in mind that we must learn at least one thing as a means of earning a living and be able to do it thoroughly. From the month of May all the school girls here adopted a fashion of using the Chinese hand made oil paper umbrella. Instead of those brought from Japan. The government normal school girls make brass hairpins in their laboratory which they sell. A new industrial spirit has certainly been aroused among the higher classes, but it will take a long time before we can accomplish anything.

"Our intelligent men declare that women should be equal in every way with men; that they should have financial independence, social position, and chances to get education.

STATUS OF FLU EPIDEMIC IS NOT CHANGED

Health Officer Byron reports that up to the present time there has been no change in the influenza epidemic situation since last Sunday or Monday, when the number of new cases was the greatest.

Doctors state that while old cases are fast convalescing their places are being filled with new. This has caused the number of cases to maintain a level and led authorities to believe that there is no appreciable shrinkage in the numbers of people suffering with the malady in some form or another.

It is believed that a change will be noticeable toward the end of the week and those in touch with the situation are led to believe that the change will be for the better. The fact that the number of cases reported has not been growing each day is the foundation for the belief.

Conditions in the outskirts of the city are worse than in the central district. An entire street in the stove factory section was pointed out to Miss Mary Robinson of the Red Cross department as having the disease at every home. In one of these homes, every member of the family was ill and there was no one to care for them.

Rural districts are taking no chances with the epidemic, and by action of the School Board of Union township all schools in the township were closed Monday. Three centralized schools and one 1-room school are affected. Jasper township has taken the same action and it is expected that other boards of the county will follow up with similar action.

MANY CASES AT JEFFERSONVILLE

A report from Jeffersonville Monday afternoon stated that the influenza epidemic has made rapid gains during the past week at that place and that the disease is more prevalent than it has ever been before.

It is said that owing to the fact that Jeffersonville has no health officer the village has found it difficult to handle the situation.

LOCAL MINISTERS PLAN TO ATTEND BIG CONFERENCE

Protestant ministers in this county are planning to attend the statewide pastors' conference to be held under the auspices of the Interchurch World Movement in Columbus, Monday, Tuesday and Wednesday, February 16, 17 and 18.

More than twenty denominations will be represented at the conference. An attendance totaling close to 3,000 is expected. The world program of the Interchurch movement will be considered in its relations to the local churches of the co-operating denominations. Speakers of national reputation will present the various phases of the Interchurch program.

The conference will be the first interdenominational gathering of its kind ever held in Ohio. A similar meeting will be held in every state in the Union in either February or March.

Among ministers from this county who will attend the conference at Columbus are:

Rev. J. M. Moody, Milledgeville, M. E.; Rev. W. H. Mitchell, Jeffersonville, M. E.; Rev. Chas. S. Spivey, Washington C. H., A. M. E.; Rev. D. A. Kearns, Bloomingburg, Presbyterian; Rev. C. R. Ferguson, Washington C. H., Baptist.

WOMEN WILL HAVE A PLACE IN RAILWAY WORK

Washington, February 9.—(By Associated Press)—A distinct future for women is offered in Rail road work, Miss Pauline Goldmark, manager of the women's service section of the railroad administration said to day in her annual report to director General Hines.

"Testimony from their superiors indicates that women will undoubtedly progress further in all forms of work," said Miss Goldmark. "While in some offices there is hesitation in encouraging them to advance into more responsible positions, in other offices there is a distinct effort to put no obstacles in their path.

"The outstanding feature of the year has been the continued employment of men in the service. While the number has decreased 20 percent since the highest point reached on October 1, 1918, it still remains 2½ times larger than before the entrance of the United States into the war."

Miss Goldmark reported that on January 1, 1917, there were 31,400 women employed on class one railroads in the United States; that this number had increased to 61,162 on January 1, 1918, and to 101,785 on October 1, 1918, and had dropped on October 1, 1919, to 11,803.

"Two important factors were in part responsible for this decrease," said Miss Goldmark. "First the return of men from service with the army and navy and second, the drastic reduction of labor force on the railroads early in the year in order to effect necessary economy."

Salaries of women employed as clerical workers ranged from \$45 to \$135 a month while those of women engaged in other classes of work ranged from \$40 to \$100 a month with the largest percentage receiving between \$70 and \$80 a month.

PRINCE OF WALES INTRODUCES TAG DANCE IN ENGLAND

London, January 21.—(By Associated Press)—(By Mail)—"Robber" or "Paul Jones" dances are being introduced in some West End clubs and dancing halls since the Prince of Wales returned from the United States where he gave this form of dance royal approval by waltzing, one-stepping and fox-trotting with no less than fifty partners at one ball.

As the name indicates, in "robber" dances, male members of the party who happen to be without partners are privileged to "out in" on any of the more fortunate men who have partners.

In England it has been the custom for dancers to have not more than three or four partners during an evening—and more frequently only one. But Londoners are trying out the American idea and seem to like it.

EDICT ISSUED AGAINST NOISE

Following complaints from persons suffering from the influenza that they had been disturbed by the noise of rapidly driven automobiles with mufflers open, Mayor V. J. Dahl has issued an edict that the practices must stop immediately.

Chief Moore states that all violations of the order will be followed by the arrest of the guilty persons.

Delicate Children

There is nothing like Vinol, our
Cod Liver and Iron Tonic, to
build up frail, sickly children.

Her Doctor Advised Vinol

Aiken, S. C. — "My little girl five
years of age had been delicate all her
life. Last January pneumonia left her
in a very weak, run-down condition with
no appetite, and she could not keep still
a minute, not even in her sleep. We
were very much worried about her, and
our druggist, who is a doctor, said Vinol
was the best tonic he knew for one in
her condition. We tried it and you ought
to see how she has improved by its use.
I cannot say too much for Vinol." —
Mrs. LEONARD W. GEORGE.

We ask all parents of weak, sickly,
delicate children in this vicinity to try
Vinol with the understanding that we
will return your money if it fails to
benefit your little ones. Children love
to take it.

EMILY KNOWLES MARRIES BROTHER OF BABE'S FATHER

Fall River, Mass., February 9. —
Miss Emily Knowles, twenty-two-
year old English girl, war mother of
the babe of Lieutenant Percy R. Spik-
er, of Baltimore, was wedded this af-
ternoon to Spiker's brother, Guy S.
Spiker, also of Baltimore.

The ceremony, which was delayed
an hour after the appointed time to
give to the bride "a little more time
to think it over," was performed by
Rev. Henry A. Arnold, of Bodle Street
Christian Church.

The wedding took place in the
home of Mr. and Mrs. William Bat-
tersby, where Miss Knowles had been
visiting since her release from Ellis
Island on a ninety day respite from
the order for her deportation.

The best man was Charles White-
head, son-in-law of the bride's hos-
tess. Others present included Mrs.
Battersby, William Battersby, Jr., Mrs.
Charles Whitehead, who held Emily's
babe, Alfred Ray Spiker; Miss Mary
Whitehead, 5 reporters and a motion
picture man. Mr. and Mrs. Percy
Spiker were not present.

Mr. and Mrs. Guy Spiker will leave
on the Colonial Express tomorrow
morning for Baltimore. With them will
go the bride's war babe, the innocent
cause of the vast amount of publicity
which Miss Knowles and the Spiker
family have undergone in the past ten
days.

Guy Spiker stated that he, his bride
and her child would reside in Balti-
more but not with or near Mr. and
Mrs. Percy Spiker.

Guy Spiker stood during the cere-
mony wearing the same grin which he
has exhibited since he projected him-
self into the case by offering to marry
the mother of his brother's war babe.

In striking contrast was the face
of the bride, who maintained a de-
monstrator of serious indifference
throughout.

In conversation with newspaper men
before the ceremony, Miss Knowles
said she had been a member of the
guard of honor at the funeral of Edith
Cavell, martyred nurse.

Baltimore, February 8. — Before
news reached Mr. and Mrs. Percy R.
Spiker that Spiker's brother, Guy, and
Miss Emily Knowles, mother of Per-
ley Spiker's war babe, had been
married in Fall River, Mass., today,
word was received by them that the
girl had balked at the eleventh hour.

"Well, it's up to her," Mrs. Spiker
said. "She is a free agent and can do
what she pleases."

"If she is unwilling to marry Guy,"
said Percy Spiker, "I'm willing to
take the babe and pay her way back
to England."

When word was received that the
wedding had taken place in Fall River
both expressed satisfaction.

XENIA MAN IS - OLDEST EDITOR IN STATE OF OHIO

Xenia, O., February 9. — The oldest
newspaper editor in point of service
in Ohio probably is James Parker
Chew, editor-in-chief of The Xenia Ga-
zette. For 70 years he has engaged in
newspaper work and for the last 43
years Mr. Chew has been editor and
publisher of the Gazette.

Editor Chew is now 88 years of age
and is assisted in the publication of
the Gazette by one son and two grand-
sons, which makes the Gazette one of
the very few news papers in the world
managed by three generations.

Every day the Gazette publishes two
columns of editorials on current events
written by the aged editor.

Editor Chew learned the printing
trade on the Carlisle (Pa.) Herald and
in 1851, before becoming of age, pur-
chased the Lawrenceburg, Indiana,
Press. He remained as editor of the
Press for 25 years, later serving as
deputy collector of internal revenue
at Lawrenceburg. It was in 1877 that
he purchased The Xenia Gazette
then a weekly publication. Shortly be-
fore 1880 the weekly was converted in-
to a daily and during these 40 years
has so completely covered the Greene
county newspaper field that a com-
peting daily has never been ventured.

While Editor Chew takes a less ac-
tive part in the management of the
newspaper than he did a few years
ago, his policies are closely followed
out by his grandson, James A. Chew,
president and general manager of the

Our Guarantee

We want every one to know that every
article purchased from us is guaranteed
to give you complete satisfaction, regard-
less of what it is or the price paid. If a
purchase is made that does not give you
complete satisfaction, return it and we
will be pleased to adjust it to your entire
satisfaction.

Some people have a hesitancy in return-
ing purchases and for that reason we
want all to know that a great kindness
will be shown us in returning anything
that is not satisfactory.

We secure only the best merchandise—
merchandise that is guaranteed to us—
and we in turn guarantee it to our cus-
tomers.

Remember that anything purchas-
ed at Stutson's must be of
the highest quality

Before spring sewing commences you will find that a visit to our
notion section will be helpful. There are so many different items that
come under the head of notions that we could not attempt to tell you
of them but you will be more than pleased with the variety shown. The
items that go to make up a notion section are so small that you would
naturally think not much attention was paid it but we are just as an-
xious to have the same high quality in this section as in all our other
merchandise, therefore unusual care is given to the selection of all our
notions.

The Coming of These Cretonnes is a Sure Sign of Spring

"The Prettiest Yet" will be your verdict when you see the wonderful
designs and colorings in these new spring cretonnes. With only new
draperies such as these this spring your home will have an entirely
different appearance. We also want to direct your attention to the
other display fabrics such as Austrian cloth in all widths, Silk Ve-
lours in several shades, Casement Cloth, plain colored Repps, etc.
The Quaker Craft Curtain Nets for spring are shown in a great many
new and beautiful patterns in both ready made curtains and by the
yard.

The New Spring Gingham and Percales Are Here

At this time many are thinking of the spring sewing, and will welcome the arrival of
these fine gingham and percales. A more pleasing assortment of patterns is indeed hard
to find and we suggest an early inspection.

Agatha Percales

Agatha percales are admirable for making
inexpensive dresses of which every woman
likes to have several in her wardrobe.
Colored figures and stripes on white
grounds are notable among the offerings.
Agatha percales have a very fine finish
and seem to improve with washing. These
are ideal for making men's shirts.

M. F. C. Gingham

These dress gingham are woven of yarns
spun from extra long staple cotton, giv-
ing them unusual strength and uniformity
in texture. They are remarkably soft and
smooth and in color combinations are
clear, clean cut and distinctive. Spring
patterns are shown in many new and ex-
clusive designs for house and afternoon
dresses, for children's play and school
frocks.

Butterick Patterns

There are no disappointments if "Butterick Patterns" are used for they insure per-
fect fitting garments. Once used you will recognize the superiority of Butterick
Patterns over all others. For your convenience we maintain large assortments at
all times.

The Dinnerware and House Furnishing Section is Growing More Popular Every Day

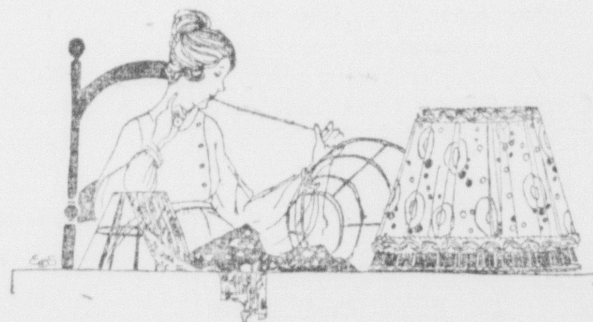

IN DINNERWARE

You will find a pleasing display of everything from
the plain white domestic ware to the beautiful im-
ported patterns from England, France, and Japan.
At all times you will find our prices reasonable on
all dinnerware. We suggest that on your next visit
to the store you take time to look through this sec-
tion not failing to see

THE HOUSEFURNISHINGS

for this department is one of which we are very
proud. The displays are complete from the best potato bak-
ers to vacuum cleaners. In
opening this section we selected only such items which were of real value and instead of
securing for instance knives to sell at five cents, we bought better ones that would last
and give real service for 10c. The high quality of our housefurnishings is pleasing to all
as are also the prices asked.

A New Shade for the Lamp

A shade made now during idle moments will aid
in giving that "changed" look to a room when
spring housecleaning is done. You will also save
by making it yourself, besides having the exact
color combinations you desire. The frames, silks
and fringes are here for your selection now.

TRIANGLES WON THREE CONTESTS IN SINGLE WEEK

By winning over Cedarville College at Cedarville Saturday evening, 54 to 49 the Washington Y. M. C. A. basketball squad wound up a strenuous week of basketball with three victories.

On Wednesday evening, the Triangles defeated the Peerless Five, a team of collegians, on Thursday evening.

The score at the end of the first half stood 24 to 16, favoring the Triangles. Both teams unlimbered in the second period and ran up the scores in rapid style. The "Y" men managed to keep a head and led all the way and winning out 54 to 49.

Hays at forward, made twelve baskets, Peterson, at the other forward, dropped in seven. Moorehead was good for six baskets and Paul Smith came up with a couple markers. O'Brian was content with guarding tactics. Jay Burnett was substituted for Moorehead towards the last of the game.

Ogden of Jamestown referred the game. Walter Hamilton timed the contest.
